# CURA

Individual In-home Care

## Dear Reader

From all of us at CURA we wish you a Happy New Year filled with happiness, love and good health.

We are excited to announce our first information session in this newsletter and hope to see many of you there.

There is also information about the New Aged Care Standards.

## Your Office Staff at CURA

Today you will meet our newest staff member in the office, Anja:

Anja has been working for CURA as a Support Worker for almost 6 years. Recently she started as a Support Coordinator in the office.

Anja is originally from Germany and came to Australia 17 years ago. Back in Germany she worked in several administration roles, mostly in the chemical industry.

Anja holds a CERT IV in Home and Community Care. She loves working with people and has thoroughly enjoyed her Support Worker role. Her experience in that role combined with her administrative background are an ideal basis for the role as a Support Coordinator.

## New Aged Care Standards:

From the 1<sup>st</sup> of July the new Aged Care Standards are taking effect.

All Aged Care Providers have to comply with the Standards and at accreditation visits we have to prove that we comply with them.

The new Aged care quality standards are all explicitly focused around the client.

In our Newsletter we will introduce all 8 Standards, one in every edition.
